

YOUR VIRTUAL AM MEETING

At a time when physical events are few and far between, we are here to help you find the ideal partner to accelerate your business. Our approach is pretty simple: **stay tuned, share your expertise and keep networking.**

September 10, 2020

AM SECTORS

- METAL AM
- POST-PROCESSING
- MATERIALS
- SOFTWARE
- COMPOSITES AM
- FDM 3D PRINTING

VERTICAL INDUSTRIES ADOPTING AM

- AEROSPACE AND SPACE
- AUTOMOTIVE
- MEDICAL
- MANUFACTURING
- ART/FASHION
- CONSUMER PRODUCT

Event / Conference Schedule

09.30 – 09.45 CET: Opening of the event

09.45-10.00 CET: Introduction

10.00 – 10.45 CET Panel Discussion 1: Digitalisation And Distributed Manufacturing: How Important Are They For Additive Manufacturing?

The recent months have proven out the essential role of digitalization in all industries. At the manufacturing level, it's been a few years now that the issue has come through the pipeline. However, as the need of relocating manufacturing is currently a global issue, it's time to understand and overcome the challenges raised by digitalization in the effective implementation of this business model.

10.45 - 11.15: NETWORKING

11.15 - 12.00 CET Panel Discussion 2: How To Increase Process Productivity For Replacement Parts? Examples From An Aerospace Or Automotive Company

The increasing need for replacement parts raises one single question: how to achieve maximum output with the smallest effort? Interestingly, the answer might require the input of various stakeholders.

12.00 - 12.30: NETWORKING

12.30 - 13.00: PAUSE

13.00 - 13.30: NETWORKING

13.30 - 14.15 Panel Discussion 3: Materialise's session

14.15 - 14.45: NETWORKING

14.45 - 15.30 Panel Discussion 4: Costs & Considerations For Investing Into An AM System

Investing in an AM technology is the first step in a journey towards a true understanding of how technology can transform a business. To achieve such an investment, especially in the current economical context, several considerations should be taken into account.

15.30 - 16.00: NETWORKING

16.00 - 16.45 Panel Discussion 5: The Relationship Between Sustainability & Additive Manufacturing

Sustainability took a certain amount of time before it comes through the pipeline, but it has now, and there are hundreds of questions and challenges to address by both AM users and players

16.45 - 17.00 : NETWORKING

17.00 - 17.45 : TALKS (tbc)

18.00: END
